AECI: Logistics / Supply Chain Graduate Internships 2024 / 2025 Online Job Application

Description

AECI Mining is a leading provider of mining solutions, committed to driving innovation and sustainability in the mining sector. As part of the AECI Group, we are dedicated to fostering talent and offering unparalleled opportunities for growth and development.

We are excited to announce our Logistics / Supply Chain Graduate Internship program aimed at South African graduates who are passionate about pursuing a career in the mining industry. This internship offers a unique opportunity to gain hands-on experience and invaluable insights into the logistics and supply chain operations within a dynamic and fast-paced environment.

As a Logistics / Supply Chain Graduate Intern at AECI Mining, you will be an integral part of our logistics and supply chain team, supporting various functions and projects to optimize efficiency and enhance productivity. Under the guidance of experienced professionals, you will have the opportunity to apply your academic knowledge and develop practical skills essential for a successful career in this field.

Responsibilities

- Assist in the planning and execution of logistics strategies to ensure timely delivery of materials and products.
- Collaborate with internal teams and external stakeholders to coordinate transportation, warehousing, and distribution activities.
- Analyze data and generate reports to monitor inventory levels, track shipments, and identify areas for improvement.
- Participate in process improvement initiatives to streamline operations and reduce costs.
- Support the implementation of technology solutions to enhance supply chain visibility and efficiency.
- Contribute to the development and implementation of sustainable logistics practices in alignment with company goals and industry standards.

Qualifications

- Bachelor's degree in Logistics, Supply Chain Management, Engineering, Business, or related field.
- Recent graduate eligible for South African Graduate Internships.
- Strong analytical and problem-solving skills.
- Excellent communication and interpersonal abilities.
- Proficiency in Microsoft Office applications.
- Ability to work independently and collaborate effectively in a team environment.

Job Benefits

- Hands-on experience in a leading mining solutions provider.
