Responsibilities

- Assist in conducting research and analysis related to mining operations, safety protocols, and environmental sustainability initiatives.
- Collaborate with team members to support project planning, execution, and evaluation.
- Participate in fieldwork activities, including site visits, data collection, and sample analysis.
- Contribute to the development and implementation of innovative solutions to improve efficiency and productivity.
- Assist in drafting reports, presentations, and other documentation as needed.
- Actively engage in learning opportunities, workshops, and training sessions provided by Gold One Mine.

Qualifications

- Currently enrolled in a relevant degree program, such as Mining Engineering, Geology, Environmental Science, or related field.
- Strong analytical and problem-solving skills.
- Excellent communication and interpersonal skills.
- Ability to work independently and as part of a team.
- Adaptability and willingness to learn new skills.
- Prior experience or coursework related to mining or natural resources is preferred but not required.

Job Benefits

- Hands-on experience in a dynamic and challenging industry.
- Mentorship from seasoned professionals in the field.
- Opportunity to network with industry experts and peers.
- Exposure to cutting-edge technologies and practices in gold mining.
- Potential for future career opportunities within Gold One Mine or the broader mining sector.
